

The Federal Communications Commission

Dear The Federal Communications Commission,

I cannot afford to pay more for my telephone service!
Please reject the flat fee proposal that would change how
contributions are made to the Universal Service Fund. I am
concerned that this proposal could make my current service
unaffordable.

Under the flat fee proposal you are considering, people who make
few long distance calls would pay the same as people or
businesses that make many calls. This is unfair!

I use my wireless phone, only rarely, for safety, security and
convenience that I am sure can afford. I don't want to lose this
ability just so that big businesses can pay less than their fair
share. I urge you to reject the proposal to move the USF
collection system to a flat-fee.

Keep the USF Fair! Big business has lots more money than I do!

Sincerely,

Margaret Sasse
